

CAMP DanBee THE BEE LINE

Letter from the Directors

Dear Families,

It's time.....We are moving the winter office north to camp the last week of May. Pre-camp staff is already busy getting things ready for our campers to arrive on June 24th.

We have some exciting news to tell you. One of our most favorite Danbee counselors is now working full time for us! Courtney Jordan will now be a full time employee, working as our Staff Coordinator. Welcome Cojo!!!!

The New Camper Luncheon is the first weekend of May and we can't wait to show them all about the Danbee spirit. Our WBY campers (Danbee oldest) will be there to dance and sing with the newbies!!! The girls have shown incredible SPIRIT since Jan 1st when they officially became WBY. We have no doubt they will be great role models this summer.

Our extensive Community Service programming along with our ongoing commitment to modeling 21st century skills makes our girls leave Danbee well rounded, resilient and confident. Building community is always on the forefront of our efforts.

You will see that we have continued to add many new things to our Danbee facility. The remodeled Mess Hall is coming along beautifully. Its renovation along with new tables is such a great change. We have added a gorgeous new porch to the fitness center where the campers can participate in our new program called POUND. Our theater has gotten a new roof. We have moved our low ropes course to Jacobe and now have a giant swing! A beautiful setting by the lake.

The Mess Hall is being remodeled!

The table is set for a great summer in the Berkshires. Feel free to call us with any questions or concerns you might have for the upcoming summer. Together we will make some great memories for the class of '16 at Danbee. Everyone's home away from home!!

With spirit and lots of Danbee love,

Jay Mark Karono Wendy Courtney
